Conversations That Matter
A Jesuit Conference Resource

INCLUDES THE MATERIAL AND VIDEO FOR ALL FIVE YEARS

CMSM is privileged to continue to distribute the final installment in an excellent series of learning modules, Conversations That Matter, that the Jesuit Conference created and developed.

**DVDs**
This fourth and final DVD contains fictionalized case studies for Years One, Two, Three, Four and Five. The DVD material is tied to several documents that are available through a website link which will be provided by email at the time when your order is processed.

**Documents**
The documents include a review guide and a pre-test, a facilitator guide, and a discussion guide. The discussion guides give a full transcript of what is contained in the DVDs. (Each man who will participate in the community discussions should be given a copy of the discussion guide.)

CMSM edited the documents for use by any male congregation or religious institute. These are provided in both PDF format and Word files, as individual congregations might want to tailor the documents further for distribution to and use by their members. [The original Jesuit version allowed for online testing, but testing is not necessary for Praesidium accreditation, and CMSM will not make testing available. Individual institutes, however, might want to create their own tailored electronic survey applications for their members.]
